

Vocabulary Assessment

Assessment directions:

This open-ended assessment will allow you to determine your child's vocabulary application ability. Below are three "Tier II" vocabulary words. Have your child tell you multiple ways to describe each word, define each word, and explain each word without your help (this is to see what they can do independently - you can help explain and draw out definitions better for each word later after looking at their data). Write down all the exact words they use in the space provided. You can use the prompting questions provided.

Say, "I'm going to say a word. I want you to tell me what it means in as many ways you can, and give examples of it. I'll show you with the first word.

The word is TRIP. A trip is when you go to a different place than your home. You could take a trip to the beach. You could take a trip to the mountains. You can take a trip to any country in the world. Another word for taking a trip is travel. You have to pack for a trip, and plan a trip. A trip could be as short as a trip to the grocery for an hour or as long as a trip all the way to Japan for 5 months. Another kind of trip is when someone falls over because they lost their balance. They could trip if they didn't tie their shoelaces, or if someone stuck out their foot in front of them. They could trip on toys that are left out.

Now it's your turn! The first word is..."

Growth

Prompts:

What can have growth?

When and where do you see growths?

How is there growth?

What is another word that means the same thing?

Is there another kind of growth that you know? A different meaning or way to use the word?

Enter

Prompts:

What and where can someone enter?

How can someone enter?

Why does one enter?

What are other words that mean the same thing?

Is there another kind of enter that you know? A different meaning or way to use the word?

Glide

Prompts:

What is it like to glide?

What can glide?

Why and how do things glide?

What are other words that mean the same thing?

Is there another kind of glide that you know? A different meaning or way to use the word?

Scoring Rubric:

Look at the notes you wrote of how your child explained each word. Decide which category fits best.
