

Comprehension Assessment Graphic Organizer

Assessment directions:

Have your child read a nonfiction book on his or her level. Then have him or her choose one section, chapter, page, or paragraph to complete the graphic organizer below. Tell the child he or she will be working on **main idea and detail**. After the graphic organizer is completed, determine if your child was able to accurately identify the ‘big picture’ main idea of the section, and if he or she could pull out the details from the section that support the main idea.
